

**STANDARD FORM OF AGREEMENT
BETWEEN
OWNER AND ENGINEER
CITY OF MINOT AND EAPC**

THIS IS AN AGREEMENT made as of June 5, 2017 between City of Minot ("OWNER") and EAPC ("ENGINEER").

OWNER's Project is generally identified as follows Affordable Single-Family Resilient Neighborhoods Design and Construction Services (the "Project").

OWNER and ENGINEER, in consideration of their mutual covenants herein, agree in respect of the performance or furnishing of services by ENGINEER to the Project and the payment for those services by OWNER as set forth below. Execution of this Agreement by ENGINEER and OWNER constitutes OWNER's written authorization to ENGINEER to proceed on the date first above written with the Services described in Article 1 below. This Agreement will become effective on the date first above written.

ARTICLE 1 – SCOPE OF SERVICES

- 1.1 ENGINEER agrees to perform, or cause to be performed, for OWNER services as described in Exhibit A (hereinafter referred to as "Services") in accordance with the requirements outlined in this Agreement.

ARTICLE 2 – TIMES FOR RENDERING SERVICES

- 2.1 Specific time periods and/or specific dates for the performance of ENGINEER's Services are set forth in Exhibit A.
- 2.2 If, through no fault of Engineer, such periods of time or dates are changed, or the orderly and continuous progress of Engineer's services is impaired, or Engineer's services are delayed or suspended, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, shall be adjusted equitably.
- 2.3 If Owner authorizes changes in the scope, extent, or character of the Project or Engineer's services, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation, shall be adjusted equitably.
- 2.4 Owner shall make decisions and carry out its other responsibilities in a timely manner so as not to delay the Engineer's performance of its services. If ENGINEER's services are delayed or suspended in whole or in part by OWNER for more than three months through no fault of ENGINEER, ENGINEER shall be entitled to equitable adjustment of the schedule and of rates and amounts of compensation provided for elsewhere in this Agreement to reflect, among other things, reasonable costs incurred by ENGINEER in connection with such delay or suspension and reactivation.

ARTICLE 3 – OWNER'S RESPONSIBILITIES

OWNER shall:

- 3.1 Pay the ENGINEER in accordance with the terms of this Agreement.
- 3.2 Designate in writing a person to act as OWNER's representative with respect to the services to be performed or furnished by ENGINEER under this Agreement. Such person will have complete authority to transmit instructions, receive information, interpret, and define OWNER's policies and

decisions with respect to ENGINEER's services for the Project.

- 3.3 Provide all criteria and full information as to OWNER's requirements for the Project, including, as applicable to the Services, design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and furnish copies of all design and construction standards which OWNER will require to be included in the Drawings and Specifications.
- 3.4 Be responsible for all requirements and instructions that it furnishes to Engineer pursuant to this Agreement, and for the accuracy and completeness of all programs, reports, data, and other information furnished by Owner to Engineer pursuant to this Agreement. Engineer may use and rely upon such requirements, programs, instructions, reports, data, and information in performing or furnishing services under this Agreement, subject to any express limitations or reservations applicable to the furnished items.
- 3.5 Give prompt written notice to ENGINEER whenever OWNER observes or otherwise becomes aware of any development that affects the scope or time of performance or furnishing of ENGINEER's Services or any relevant, material defect or nonconformance in ENGINEER's Services or in the work of any Contractor employed by Owner on the Project.
- 3.6 Bear all costs incident to compliance with the requirements of this Article 3.

ARTICLE 4 – PAYMENTS TO ENGINEER FOR SERVICES

- 4.1 Methods of Payment for Services of ENGINEER.
 - 4.1.1 OWNER shall pay ENGINEER for Services performed or furnished under this Agreement or as described in Exhibit A. The amount of any excise, VAT, or gross receipts tax that may be imposed shall be added to the compensation shown in Exhibit A. If after the Effective Date any governmental entity takes a legislative action that imposes additional sales or use taxes on Engineer's services or compensation under this Agreement, then Engineer may invoice such additional taxes for reimbursement by Owner. Owner shall reimburse Engineer for the cost of such invoiced additional taxes in addition to the compensation to which Engineer is entitled.
 - 4.1.2 ~~Invoices~~ for Services will be prepared in accordance with ENGINEER's standard invoicing practices and will be submitted to OWNER by ENGINEER at least monthly. Payments are due within 30 days of receipt of invoice.
 - 4.1.3 If OWNER fails to make any payment due ENGINEER for services and expenses within thirty days after receipt of ENGINEER's invoice therefor, the amounts due ENGINEER will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day; and, in addition, ENGINEER may, after giving seven days' written notice to OWNER, suspend services under this Agreement until ENGINEER has been paid in full all amounts due for services, expenses and charges. Payments will be credited first to interest and then to principal. In the event of a disputed or contested billing, only that portion so contested may be withheld from payment, and the undisputed portion will be paid.

ARTICLE 5 – GENERAL CONDITIONS

5.1 Standard of Care

The standard of care for all professional engineering and related services performed or furnished by ENGINEER under this Agreement will be the care and skill ordinarily used by members of ENGINEER's profession practicing under similar conditions at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with any services performed or furnished by Engineer.

5.2 Technical Accuracy

Owner shall not be responsible for discovering deficiencies in the technical accuracy of Engineer's services. Engineer shall correct deficiencies in technical accuracy without additional compensation, unless such corrective action is directly attributable to deficiencies in Owner-furnished information.

5.3 Opinions of Probable Construction Cost

Engineer's opinions (if any) of probable Construction Cost are to be made on the basis of Engineer's experience, qualifications, and general familiarity with the construction industry. However, because Engineer has no control over the cost of labor, materials, equipment, or services furnished by others, or over contractors' methods of determining prices, or over competitive bidding or market conditions, Engineer cannot and does not guarantee that proposals, bids, or actual Construction Cost will not vary from opinions of probable Construction Cost prepared by Engineer. If Owner requires greater assurance as to probable Construction Cost, then Owner agrees to obtain an independent cost estimate.

5.4 Compliance with Laws and Regulations, and Policies and Procedures

5.4.1 Engineer and Owner shall comply with applicable Laws and Regulations.

5.4.2 This Agreement is based on Laws and Regulations procedures as of the Effective Date. Changes after the Effective Date to Laws and Regulations may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation.

5.4.3 Engineer shall not be required to sign any document, no matter by whom requested, that would result in the Engineer having to certify, guarantee, or warrant the existence of conditions whose existence the Engineer cannot ascertain. Owner agrees not to make resolution of any dispute with the Engineer or payment of any amount due to the Engineer in any way contingent upon the Engineer signing any such document.

5.4.4 Engineer shall not at any time supervise, direct, control, or have authority over any Constructor's work, nor shall Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any Constructor, or the safety precautions and programs incident thereto, for security or safety at the Site, nor for any failure of a Constructor to comply with Laws and Regulations applicable to that Constructor's furnishing and performing of its work. Engineer shall not be responsible for the acts or omissions of any Constructor.

5.4.5 Engineer neither guarantees the performance of any Constructor nor assumes responsibility for any Constructor's, failure to furnish and perform the Work in accordance with the Construction Contract Documents.

5.4.6 Engineer shall not be responsible for any decision made regarding the Construction Contract Documents, or any application, interpretation, clarification, or modification of the **Construction** Contract Documents, other than those made by Engineer or its Consultants.

5.4.7 Engineer is not required to provide and does not have any responsibility for surety bonding

or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.

- 5.4.8 Engineer's services do not include providing legal advice or representation.
- 5.4.9 Engineer's services do not include (1) serving as a "municipal advisor" for purposes of the registration requirements of Section 975 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (2010) or the municipal advisor registration rules issued by the Securities and Exchange Commission, or (2) advising Owner, or any municipal entity or other person or entity, regarding municipal financial products or the issuance of municipal securities, including advice with respect to the structure, timing, terms, or other similar matters concerning such products or issuances.
- 5.4.10 While at the Site, Engineer, its Consultants, and their employees and representatives shall comply with the applicable requirements of Contractor's and Owner's safety programs of which Engineer has been informed in writing.

5.5 Termination

The obligation to provide further services under this Agreement may be terminated:

- 5.5.1 For cause,
 - a. by either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party.
 - b. by Engineer:
 - 1) upon seven days written notice if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional; or
 - 2) upon seven days written notice if the Engineer's services for the Project are delayed or suspended for more than 90 days for reasons beyond Engineer's control, or as the result of the presence at the Site of undisclosed Constituents of Concern.
 - 3) Engineer shall have no liability to Owner on account of such termination.
 - c. Notwithstanding the foregoing, this Agreement will not terminate for cause if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt thereof; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.
- 5.5.2 For convenience, by Owner effective upon Engineer's receipt of notice from Owner.
- 5.5.3 Effective Date of Termination: The terminating party under Paragraph 5.5.1 may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to demobilize personnel and equipment from the Site, to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files.

5.5.4 Payments Upon Termination:

- a. In the event of any termination under Paragraph 5.5, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all Reimbursable Expenses incurred through the effective date of termination. Upon making such payment, Owner shall have the limited right to the use of Documents, at Owner's sole risk, subject to the provisions of Paragraph 5.6.
- b. In the event of termination by Owner for convenience or by Engineer for cause, Engineer shall be entitled, in addition to invoicing for those items identified in Paragraph 5.5.4.a, to invoice Owner and receive payment of a reasonable amount for services and expenses directly attributable to termination, both before and after the effective date of termination, such as reassignment of personnel, costs of terminating contracts with Engineer's Consultants, and other related close-out costs.

5.6 Use of Documents

- 5.6.1 All Documents are instruments of service, and ENGINEER shall retain an ownership and property interest therein (including the copyright and the right of reuse at the discretion of the ENGINEER) whether or not the Project is completed.
- 5.6.2 If Engineer is required to prepare or furnish Drawings or Specifications under this Agreement, Engineer shall deliver to Owner at least one original printed record version of such Drawings and Specifications, signed and sealed according to applicable Laws and Regulations.
- 5.6.3 Owner and Engineer may transmit, and shall accept, Project-related correspondence, Documents, text, data, drawings, information, and graphics, in electronic media or digital format, either directly, or through access to a secure Project website, in accordance with a mutually agreeable protocol. If this Agreement does not establish protocols for electronic or digital transmittals, then Owner and Engineer shall jointly develop such protocols. When transmitting items in electronic media or digital format, the transmitting party makes no representations as to long term compatibility, usability, or readability of the items resulting from the recipient's use of software application packages, operating systems, or computer hardware differing from those used in the drafting or transmittal of the items, or from those established in applicable transmittal protocols.
- 5.6.4 OWNER may make and retain copies of Documents for information and reference in connection with use on the Project by OWNER. Upon receipt of full payment due and owing for all Services, ENGINEER grants OWNER a license to use the Documents on the Project, extensions of the Project, and related uses of OWNER, subject to the following limitations: (1) OWNER acknowledges that such Documents are not intended or represented to be suitable for use on the Project unless completed by ENGINEER, or for use or reuse by OWNER or others on extensions of the Project or on any other project without written verification or adaptation by ENGINEER; (2) any such use or reuse, or any modification of the Documents, without written verification, completion, or adaptation by ENGINEER, as appropriate for the specific purpose intended, will be at OWNER's sole risk and without liability or legal exposure to ENGINEER or to ENGINEER's Consultants; (3) OWNER shall indemnify and hold harmless ENGINEER and ENGINEER's Consultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification without written verification, completion, or adaptation by ENGINEER; (4) such limited license to OWNER shall not create any rights in third parties.
- 5.6.5 If ENGINEER at OWNER's request verifies or adapts the Documents for extensions of the

Project or for any other project, then OWNER shall compensate ENGINEER at rates or in an amount to be agreed upon by OWNER and ENGINEER.

5.7 Controlling Law

This Agreement is to be governed by the Laws and Regulations of the state in which the Project is located.

5.8 Mutual Waiver of Consequential Damages

Notwithstanding any other provision of this Agreement to the contrary, neither party including their officers, agents, servants and employees shall be liable to the other for lost profits or any special, indirect, incidental, or consequential damages in any way arising out of this Agreement however caused under a claim of any type or nature based on any theory of liability (including, but not limited to: contract, tort, or warranty) even if the possibility of such damages has been communicated.

5.9 Limitation of Liability

In no event shall ENGINEER's total liability to OWNER and/or any of the OWNER's officers, employees, agents, contractors or subcontractors for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to this agreement from cause or causes, including, but not limited to, ENGINEER's wrongful act, omission, negligence, errors, strict liability, breach of contract, breach of warranty, express or implied, exceed the total amount of the level of the ENGINEER's errors and omissions liability limit.

5.10 Successors and Assigns

5.10.1 OWNER and ENGINEER each is hereby bound and the partners, successors, executors, administrators and legal representatives of OWNER and ENGINEER (and to the extent permitted by paragraph 5.10.2 the assigns of OWNER and ENGINEER) are hereby bound to the other party to this Agreement and to the partners, successors, executors, administrators and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements and obligations of this Agreement.

5.10.2 Neither OWNER nor ENGINEER may assign, sublet or transfer any rights under or interest (including, but without limitation, moneys that may become due or moneys that are due) in this Agreement without the written consent of the other, except to the extent that any assignment, subletting or transfer is mandated by law or the effect of this limitation may be restricted by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

5.10.3 Unless expressly provided otherwise in this Agreement:

- a. Nothing in this Agreement shall be construed to create, impose or give rise to any duty owed by ENGINEER to any Constructor, other person or entity, or to any surety for or employee of any of them, or give any rights in or benefits under this Agreement to anyone other than OWNER and ENGINEER.
- b. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of OWNER and ENGINEER and not for the benefit of any other party.

5.11 Notices

Any notice required under this Agreement will be in writing, addressed to the appropriate party at the address which appears on the signature page to this Agreement (as modified in writing from time to

time by such party) and given personally, by registered or certified mail, return receipt requested, by facsimile, or by a nationally recognized overnight courier service. All notices shall be effective upon the date of receipt.

5.12 Severability

Any provision or part of the Agreement held to be void or unenforceable under any law or regulation shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon OWNER and ENGINEER, who agree that the Agreement shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that comes as close as possible to expressing the intention of the stricken provision.

5.13 Changed Conditions

If concealed or unknown conditions that affect the performance of the Services are encountered, which conditions are not ordinarily found to exist or which differ materially from those generally recognized as inherent in the Services of the character provided for under this Agreement or which could not have reasonably been anticipated, notice by the observing party shall be given promptly to the other party and, if possible, before conditions are disturbed. Upon claim by the ENGINEER, the payment and schedule shall be equitably adjusted for such concealed or unknown condition by change order or amendment to reflect additions that result from such concealed, changed, or unknown conditions.

5.14 Environmental Site Conditions

It is acknowledged by both parties that ENGINEER's scope of services does not include any services related to Constituents of Concern, as defined in Article 6. If ENGINEER or any other party encounters an undisclosed Constituent of Concern, or if investigative or remedial action, or other professional services, are necessary with respect to disclosed or undisclosed Constituents of Concern as defined in Article 6, then ENGINEER may, at its option and without liability for consequential or any other damages, suspend performance of services on the portion of the Project affected thereby until OWNER: (1) retains appropriate specialist consultant(s) or contractor(s) to identify and, as appropriate, abate, remediate, or remove the Constituents of Concern, and (2) warrants that the Site is in full compliance with applicable Laws and Regulations.

If the presence at the Site of undisclosed Constituents of Concern adversely affects the performance of ENGINEER's services under this Agreement, then the ENGINEER shall have the option of (1) accepting an equitable adjustment in its compensation or in the time of completion, or both; or (2) terminating this Agreement for cause on 30 days' notice.

OWNER acknowledges that ENGINEER is performing professional services for OWNER and that ENGINEER is not and shall not be required to become an "arranger," "operator," "generator," or "transporter" of hazardous substances, so defined in the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, which are or may be encountered at or near the Site in connection with ENGINEER's activities under this Agreement.

5.15 Insurance

ENGINEER shall procure and maintain insurance for protection from claims under workers' compensation acts, claims for damages because of bodily injury including personal injury, sickness or disease or death of any and all employees or of any person other than such employees, and from claims or damages because of injury to or destruction of property.

5.16 Discovery

ENGINEER shall be entitled to compensation on a time and materials basis when responding to all requests for discovery relating to this Project and to extent that ENGINEER is not a party to the lawsuit.

5.17 Nondiscrimination and Affirmative Action

In connection with its performance under this Agreement, ENGINEER shall not discriminate against any employee or applicant for employment because of race, color, creed, religion, age, sex, marital status, sexual orientation or affectional preference, national origin, ancestry, citizenship, physical or mental handicap or because he or she is a disabled veteran or veteran of the Vietnam era. ENGINEER shall take affirmative action to ensure that qualified applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, age, sex, marital status, sexual orientation or affectional preference, national origin, ancestry, citizenship, physical or mental handicap or because he or she is a disabled veteran or veteran of the Vietnam era. Such actions shall include recruiting and hiring, selection for training, promotion, fixing rates or other compensation, benefits, transfers and layoff or termination.

5.18 Force Majeure

Any delays in or failure of performance by ENGINEER shall not constitute a default under this Agreement if such delays or failures of performance are caused by occurrences beyond the reasonable control of ENGINEER including but not limited to: acts of God or the public enemy; expropriation or confiscation; compliance with any order of any governmental authority; changes in law; act of war, rebellion, terrorism or sabotage or damage resulting therefrom; fires, floods, explosions, accidents, riots; strikes or other concerted acts of workmen, whether direct or indirect; delays in permitting; OWNER's failure to provide data in OWNER's possession or provide necessary comments in connection with any required reports prepared by ENGINEER, or any other causes which are beyond the reasonable control of ENGINEER. ENGINEER's scheduled completion date shall be adjusted to account for any force majeure delay and ENGINEER shall be reimbursed by OWNER for all costs incurred in connection with or arising from a force majeure event, including but not limited to those costs incurred in the exercise of reasonable diligence to avoid or mitigate a force majeure event.

5.19 Waiver

Non-enforcement of any provision by either party shall not constitute a waiver of that provision, nor shall it affect the enforceability of that provision or of the remainder of this Agreement.

5.20 Headings

The headings used in this Agreement are for general reference only and do not have special significance.

5.21 Subcontractors

ENGINEER may utilize such ENGINEER's Subcontractors as ENGINEER deems necessary to assist in the performance of its Services.

5.22 Coordination with Other Documents

It is the intention of the parties that if the ENGINEER's Services include design then the Standard General Conditions will be used as the General Conditions for the Project and that all amendments thereof and supplements thereto will be generally consistent therewith. Except as otherwise defined herein, the terms which have an initial capital letter in this Agreement and are defined in the Standard General Conditions will be used in this Agreement as defined in the Standard General Conditions. The term "defective" will be used in this Agreement as defined in the Standard General Conditions.

5.23 Purchase Order

Notwithstanding anything to the contrary contained in any purchase order or in this Agreement, any purchase order issued by OWNER to ENGINEER shall be only for accounting purposes for OWNER and the pre-printed terms and conditions contained on any such purchase order are not incorporated

herein, shall not apply to this Agreement, and shall be void for the purposes of the Services performed by ENGINEER under this Agreement.

5.24 Dispute Resolution

In the event of any dispute between the parties arising out of or in connection with the contract or the services or work contemplated herein; the parties agree to first make a good faith effort to resolve the dispute informally. Negotiations shall take place between the designated principals of each party. If the parties are unable to resolve the dispute through negotiation within 45 days, then either party may give written notice within 10 days thereafter that it elects to proceed with non-binding mediation pursuant to the commercial mediation rules of the American Arbitration Association. In the event that mediation is not invoked by the parties or that the mediation is unsuccessful in resolving the dispute, then either party may submit the controversy to a court of competent jurisdiction. The foregoing is a condition precedent to the filing of any action other than an action for injunctive relief or if a Statute of Limitations may expire.

Each party shall be responsible for its own costs and expenses including attorneys' fees and court costs incurred in the course of any dispute, mediation, or legal proceeding. The fees of the mediator and any filing fees shall be shared equally by the parties.

ARTICLE 6 – DEFINITIONS

Whenever used in this Agreement the following terms have the meanings indicated which are applicable to both the singular and the plural.

6.1 Agreement

This Agreement between OWNER and ENGINEER for Professional Services including those exhibits listed in Article 7.

6.2 Constituent of Concern

Any substance, product, waste, or other material of any nature whatsoever (including, but not limited to, Asbestos, Petroleum, Radioactive Material, and PCBs) which is or becomes listed, regulated, or addressed pursuant to [a] the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq. ("CERCLA"); [b] the Hazardous Materials Transportation Act, 49 U.S.C. §§1801 et seq.; [c] the Resource Conservation and Recovery Act, 42 U.S.C. §§6901 et seq. ("RCRA"); [d] the Toxic Substances Control Act, 15 U.S.C. §§2601 et seq.; [e] the Clean Water Act, 33 U.S.C. §1251 et seq.; [f] the Clean Air Act, 42 U.S.C. §§7401 et seq.; and [g] any other federal, state, or local statute, law, rule, regulation, ordinance, resolution, code, order, or decree regulating, relating to, or imposing liability or standards of conduct concerning, any hazardous, toxic, or dangerous waste, substance, or material.

6.3 Construction Cost – ♦

The total cost to OWNER of those portions of the entire Project designed or specified by ENGINEER. Construction Cost does not include ENGINEER's compensation and expenses, the cost of land, rights-of-way, or compensation for or damages to properties, or OWNER's legal, accounting, insurance counseling or auditing services, or interest and financing charges incurred in connection with the Project or the cost of other services to be provided by others to OWNER pursuant to Article 3. Construction Cost is one of the items comprising Total Project Costs.

♦ This provision is applicable for projects where ENGINEER provides Design, Bidding and/or Construction Phase Services.

- 6.4 Constructor
Any person or entity (not including the Engineer, its employees, agents, representatives, and Consultants), performing or supporting construction activities relating to the Project, including but not limited to Contractors, Subcontractors, Suppliers, Owner's work forces, utility companies, other contractors, construction managers, testing firms, shippers, and truckers, and the employees, agents, and representatives of any or all of them.
- 6.5 Contractor - ♦
The person or entity with whom OWNER enters into a written agreement covering construction work to be performed or furnished with respect to the Project.
- 6.6 Documents
As applicable to the Services, the data, reports, drawings, specifications, record drawings and other deliverables, whether in printed or electronic media format, provided or furnished by ENGINEER to OWNER pursuant to the terms of this Agreement.
- 6.7 ENGINEER's Subcontractor
A person or entity having a contract with ENGINEER to perform or furnish Services as ENGINEER's independent professional subcontractor engaged directly on the Project.
- 6.8 Reimbursable Expenses
The expenses incurred directly in connection with the performance or furnishing of Services for the Project for which OWNER shall pay ENGINEER as indicated in Exhibit A.
- 6.9 Resident Project Representative - ♦
The authorized representative of ENGINEER who will be assigned to assist ENGINEER at the site during the Construction Phase. The Resident Project Representative will be ENGINEER's agent or employee and under ENGINEER's supervision. As used herein, the term Resident Project Representative includes any assistants of Resident Project Representative agreed to by OWNER. The duties and responsibilities of the Resident Project Representative are set forth in Exhibit B, "Duties, Responsibilities and Limitations of Authority of Resident Project Representative" ("Exhibit B").
- 6.10 Standard General Conditions - ♦
The Standard General Conditions of the Construction Contract (No. TBD) of the Engineers Joint Contract Documents Committee.
- 6.11 Total Project Costs - ♦
The sum of the Construction Cost, allowances for contingencies, the total costs of design professional and related services provided by ENGINEER and (on the basis of information furnished by OWNER) allowances for such other items as charges of all other professionals and consultants, for the cost of land and rights-of-way, for compensation for or damages to properties, for interest and financing charges and for other services to be provided by others to OWNER under Article 3.
- 6.12 Work - ♦
The entire construction or the various separately identifiable parts thereof required to be

♦ This provision is applicable for projects where ENGINEER provides Design, Bidding and/or Construction Phase Services.

provided under the Construction Contract Documents. Work includes and is the result of performing or providing all labor, services, and documentation necessary to produce such construction, and; furnishing, installing, and incorporating all materials and equipment into such construction; and may include related services such as testing, start-up, and commissioning, all as required by the Construction Contract Documents.

ARTICLE 7 – EXHIBITS AND SPECIAL PROVISIONS

7.1 This Agreement is subject to the provisions of the following Exhibits which are attached to and made a part of the Agreement:

Exhibit A - Engineer's Services, Owner's Responsibilities, Time for Performance, Method of Payment, and Special Provisions.

Exhibit B - Duties, Responsibilities and Limitations of Authority of the Resident Project Representative. (Use when RPR Services are provided.)

Exhibit C – CDBG Requirements

This Agreement (consisting of Pages 1 to 11 inclusive), and the Exhibits identified above constitute the entire agreement between OWNER and ENGINEER and supersede all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a duly executed written instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement to be effective as of the date first above written.

OWNER:
By:

Minot, North Dakota 58701

**EXHIBIT A
TO AGREEMENT BETWEEN
OWNER AND ENGINEER
Scope of Work**

This is an exhibit attached to and made a part of the Agreement dated June 5, 2017, between City of Minot (OWNER) and EAPC (ENGINEER) for professional services.

A. ENGINEER'S SERVICES

Task 1: Identify Project Goals and Performance Criteria

EAPC will lead a process to engage the City of Minot and their program manager CDM Smith, to identify the project goals and performance criteria to design and develop a high quality, award-winning resilient, mixed income neighborhood in Minot.

Task 2: Determine Design Themes and Develop a Plan Book

EAPC will work with the City of Minot and their program manager, CDM Smith, to determine the design themes to be used in the resilient neighborhoods. Based on these design themes, EAPC will develop a plan book that will be used to market the affordable single family and higher density homes to be constructed within the selected resilient neighborhoods for Buy-Out/Buy-In households. This plan book will incorporate three design themes for the neighborhood that are reflected in the conceptual exterior designs of the homes. EAPC will prepare conceptual floor plans for one, two, three, and four bedroom homes. (Note: in developing the final plans, EAPC will provide an option to design a five-bedroom home based on the needs and qualifications of buy-out/buy-in households.)

The conceptual plans must reflect affordable housing designs that can be constructed to be affordable for households with incomes below 80% AMI in Minot. These homes must meet quality residential standards in Minot, ND; exteriors depicted in the plan book must reflect the exterior designs and specifications that will be used in construction of these homes. It is important for potential home buyers to visualize these homes accurately. EACP should develop floor plans, exterior elevation view, and suggest other options for interior and exterior perspectives that will help potential homebuyers to evaluate homes that would be built in this neighborhood.

Task 3: Develop Detailed Plans and Specifications

EAPC will develop detailed plans and a set of specifications to facilitate building and construction of single family and higher density residential for affordable homeownership. The plans should consider the Minot climate and meet HUD required construction standards identified in the National Disaster Resilience Competition Notice of Funding Availability Phase II, including Green Building Standards for Replacement and New Construction of Residential Housing and ENERGY STAR Certification. Affordability is defined as mortgage payments not exceeding 30% of a household's gross income. The income limits for low to moderate income are determined by HUD by household size, factors used to determine number of bedrooms for eligible households will be provided to EAPC by CDM Smith.

EAPC will engage Matthew Kirkland with the College of Architecture at NDSU, also a partner under the Minot's Resiliency Grant, in this process. NDSU can identify and evaluate innovative construction materials and best practices for disaster resistant construction, green building and energy efficiency that could be incorporated into the specifications, if these materials and practices can be shown to be cost effective in terms of benefit-cost. NDSU will also assist in identifying opportunities for enhancing the resilient neighborhood features that could be incorporated into the neighborhoods selected for the development of these homes.

Task 4: Provide Construction Inspection Services

EAPC will provide construction inspection services during the construction phase based on a detailed inspection program developed with the City of Minot and CDM Smith. Assume 1 FTE for duration of construction contract.

B. TIME PERIOD FOR PERFORMANCE

The time periods for the performance of ENGINEER's services as set forth in Article 2 of said Agreement are as follows:

Task 1: Identify Project Goals and Performance Criteria
Complete within 60 days from contract signing

Task 2: Determine Design Themes and Develop a Plan Book
Complete within 90 days from contract signing

Task 3: Develop Detailed Plans and Specifications
Complete within 150 days from contract signing

Task 4: Provide Construction Inspection Services
Provide services for the duration of construction

C. METHOD OF PAYMENT

The method of payment for Services rendered by ENGINEER shall be as set forth below:

Task 1: \$13,240
Task 2: \$48,000
Task 3: \$36,690
Task 4: \$170,000

ENGINEER shall be compensated an amount not to exceed TWO HUNDRED SIXTY-SEVEN THOUSAND NINE HUNDRED THIRTY DOLLARS (\$267,930). All work shall be performed in accordance with specifications approved by and as directed the OWNER and payment shall be based on acceptance of approved work in the format designated by the OWNER. The ENGINEER shall invoice the OWNER on a monthly basis based upon actual hours worked by each individual using the following hourly rates:

<u>Category</u>	<u>Hourly Rate</u>
Principle	\$61.94
Project Manager/Senior Architect	\$38.42
Intern Architect	\$25.24
Drafter	\$17.32
Administration	\$14.34

The agreed upon hourly rates are inclusive of all costs such as direct labor, benefits, incidentals and any other costs with the exception of travel and other direct costs for production including supplies, printing, binding, and postage. Any travel costs incurred will be reimbursed per the Federal Mileage Rate and at the actual cost with no markup. No additional compensation will be made for costs other than as described above. No payment for labor in excess of 40 hours per week will be made without prior approval to work overtime by the OWNER. Timesheets and reports for other direct costs and travel expenses shall be submitted for invoice documentation. The ENGINEER agrees that any work performed found to be deficient, shall be corrected at no cost to the OWNER.

An invoice template is provided as an attachment to this Exhibit. Invoices are to be sent to the OWNER's Program Manager at wolfleysj@cdmsmith.com. Invoice related questions may also be directed here, or by calling Sandra Wolfley at 651-353-1929.

D. PERFORMANCE MONITORING AND PERFORMANCE PENALTY CLAUSES

The ENGINEER shall be cooperative with Program and financial monitoring visits and/or investigations performed by the OWNER's staff, the City Auditor's staff, and/or the U.S. Department of Housing and Urban Development (HUD) and OIG.

If the ENGINEER fails to meet milestones specifically relating to funds disbursed within the agreed upon deliverable time frame, as established in the Minot NDRC Action Plan or associated amendments, the following penalties will be placed on the ENGINEER in sequential order.

1. A performance plan must be created within 7 days to demonstrate how the ENGINEER will regain performance and set an agreed upon timeline. If performance is not regained within the time agreed upon then;
2. The ENGINEER may receive a monetary penalty of up to \$250 per day for each business day that performance is not regained, up to a maximum penalty period of thirty (30) business days.
- 3 The penalty will stop upon written acceptance by the OWNER of ENGINEER's corrective action.

The penalty terms must be invoked in writing at the sole discretion of the OWNER. At any point after the invocation of the penalty terms, the ENGINEER may request forbearance. This request shall be in writing and should provide a detailed explanation of why forbearance is warranted. It shall be at the sole discretion of the OWNER to grant forbearance.

As such is warranted, the OWNER will notify the ENGINEER in writing of the default specified herein, and of the penalty assessment. Such penalty will be paid by ENGINEER within 30 calendar days of OWNER's written notice.

**EXHIBIT B TO AGREEMENT
BETWEEN
OWNER AND ENGINEER**

**DUTIES, RESPONSIBILITIES AND LIMITATIONS OF AUTHORITY
OF THE RESIDENT PROJECT REPRESENTATIVE**

This is an Exhibit attached to, made a part of and incorporated by reference with the Agreement made on June 5, 2017 between City of Minot (OWNER) and EAPC (ENGINEER) for providing professional services.

ENGINEER shall furnish a Resident Project Representative ("RPR"), assistants and other field staff to assist ENGINEER in observing progress and quality of the work of Contractor.

Through more extensive on-site observations of the work in progress and field checks of materials and equipment by the RPR and assistants, ENGINEER shall endeavor to provide further protection for OWNER against defects and deficiencies in the work of Contractor. However, ENGINEER shall not, as a result of such observations of Contractor's work, supervise, direct, or have control over any Contractor's work nor shall ENGINEER have authority over or responsibility for the means, methods, techniques, sequences or procedures selected by any Contractor, for safety precautions and programs incident to the work of any Contractor, for any failure of any Contractor to comply with laws, rules, regulations, ordinances, codes or orders applicable to performing and furnishing the work, or responsibility of construction for Contractor's failure to furnish and perform the Work in accordance with the Construction Contract Documents.

The duties and responsibilities of the RPR are limited to those of ENGINEER in ENGINEER's Agreement with the OWNER and in the construction Contract Documents, and are further limited and described as follows:

A. General

RPR is ENGINEER's agent at the site, will act as directed by and under the supervision of ENGINEER, and will confer with ENGINEER regarding RPR's actions. RPR's dealings in matters pertaining to the on-site work shall in general be with ENGINEER and Contractor, keeping OWNER advised as necessary. RPR's dealings with subcontractors shall only be through or with the full knowledge and approval of Contractor. RPR shall generally communicate with OWNER with the knowledge of and under the direction of ENGINEER.

B. Duties and Responsibilities of RPR

1. *Schedules:* Review the progress schedule, schedule of Shop Drawing submittals schedule of values, and other schedules prepared by Contractor and consult with ENGINEER concerning their acceptability.
2. *Conferences and Meetings:* Attend meetings with Contractor, such as preconstruction conferences, progress meetings, job conferences and other project-related meetings (but not Contractor's safety meetings), and as appropriate prepare and circulate copies of minutes thereof.
3. *Safety Compliance:* Comply with Site safety programs, as they apply to RPR, and if required to do so by such safety programs, receive safety training specifically related to RPR's own personal safety while at the Site.

4. *Liaison:*

- a. Serve as ENGINEER's liaison with Contractor, working principally through Contractor's superintendent and assist in understanding the intent of the Construction Contract Documents; and assist ENGINEER in serving as OWNER's liaison with Contractor when Contractor's operations affect OWNER's on-site operations.
- b. Assist in obtaining from OWNER additional details or information, when required for proper execution of the Work.

5. *Shop Drawings and Samples:*

- a. Record date of receipt of Shop Drawings and Samples.
- b. Receive Samples that are furnished at the site by Contractor, and notify ENGINEER of availability of Samples for examination.
- c. Advise ENGINEER and Contractor of the commencement of any Work requiring a Shop Drawing or Sample if the submittal has not been approved by ENGINEER.

6. *Review of Work, Defective Work, Inspections, Tests and Start-ups:*

- a. Report to ENGINEER whenever RPR believes that any part of the Work is defective under the terms and standards set forth in the Construction Contract Documents, and provide recommendations as to whether such Work should be corrected, removed and replaced, or accepted as provided in the Construction Contract Documents.
- b. Inform ENGINEER of any Work that RPR believes is not defective under the terms and standards set forth in the Construction Contract Documents, but is nonetheless not compatible with the design concept of the completed Project as a functioning whole, and provide recommendations to Engineer for addressing such Work.
- c. Advise Engineer of that part of the Work that RPR believes should be uncovered for observation, or requires special testing, inspection, or approval.
- d. Consult with Engineer in advance of scheduled inspections, tests, and systems start-ups.
- e. Verify that tests, equipment and systems start-ups and operating and maintenance training are conducted in the presence of appropriate personnel, and that Contractor maintains adequate records thereof; and observe, record and report to ENGINEER appropriate details relative to the test procedures and start-ups.
- f. Accompany visiting inspectors representing public or other agencies having jurisdiction over the work, record the results of these inspections and report to ENGINEER.

7. *Interpretation of Contract Documents:* Report to ENGINEER when clarifications and interpretations of the Contract Documents are needed and transmit to Contractor clarifications and interpretations as issued by ENGINEER.

8. *Modifications:* Consider and evaluate Contractor's suggestions for modifications in Drawings or Specifications and report with RPR's recommendations to ENGINEER. Transmit to Contractor in writing decisions as issued by ENGINEER.

9. *Records:*

- a. Maintain at the job site orderly files for correspondence, reports of job conferences, Shop Drawings and Samples, copies of Construction Contract Documents including all Work Change, Addenda, Change Orders, Field Orders, additional Drawings issued subsequent to the execution of the Construction Contract, RFIs, ENGINEER's clarifications and interpretations of the Contract Documents, progress reports, approved Shop Drawing submittals and other Project-related documents.
- b. Prepare a daily report or keep a diary or log book, recording Contractor's hours on the job site, Subcontractors present at the Site weather conditions, data relative to questions of Work Change Directives, Change Orders or changed conditions, list of job site visitors, deliveries of equipment or materials, daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures; and send copies to ENGINEER.
- c. Record names, addresses, e-mail addresses, websites and telephone numbers of all Contractors, Subcontractors and major suppliers of materials and equipment.

10. *Reports:*

- a. Furnish to ENGINEER periodic reports as required of progress of the Work and of Contractor's compliance with the progress schedule and schedule of Shop Drawing and Sample submittals.
- b. Consult with ENGINEER in advance of scheduled major tests, inspections or start of important phases of the Work.
- c. Draft proposed Change Orders and Work Change Directives, obtaining backup material from Contractor and recommend to ENGINEER Change Orders, Work Change Directives, and Field Orders.
- d. Report immediately to ENGINEER and OWNER the occurrence of any accident.

11. *Payment Requests:* Review Applications for Payment with Contractor for compliance with the established procedure for their submission and forward with recommendations to ENGINEER, noting particularly the relationship of the payment requested to the schedule of values, Work completed and materials and equipment delivered at the site but not incorporated in the Work.

12. *Certificates, Maintenance and Operation Manuals:* During the course of the Work, verify that certificates, maintenance and operation manuals and other data required to be assembled and furnished by Contractor are applicable to the items actually installed and in accordance with the Contract Documents, and have this material delivered to ENGINEER for review and forwarding to OWNER prior to final payment for the Work.

13. *Completion:*

- a. Before ENGINEER issues a Certificate of Substantial Completion, submit to Contractor a list of observed items requiring completion or correction.
- b. Observe whether Contractor has had performed inspections required by laws, rules, regulations, ordinances, codes, or orders applicable to the work, including but not limited to those to be performed by public agencies having jurisdiction over the work.
- c. Conduct a final inspection in the company of ENGINEER, OWNER and Contractor and prepare a final list of items to be completed or corrected.

- d. Observe whether all items on final list have been completed or corrected and make recommendations to ENGINEER concerning acceptance and issuance of the Notice of Acceptability of the Work.

C. Limitations of Authority by RPR

Resident Project Representative:

1. Shall not authorize any deviation from the Construction Contract Documents or substitution of materials or equipment (including "or-equal" items).
2. Shall not exceed limitations of ENGINEER's authority as set forth in the Agreement or the Contract Documents.
3. Shall not undertake any of the responsibilities of Contractor, Subcontractors, Suppliers, or any Constructor.
4. Shall not advise on, issue directions relative to or assume control over any aspect of the means, methods, techniques, sequences or procedures of construction unless such advice or directions are specifically required by the Contract Documents.
5. Shall not advise on, issue directions regarding or assume control over safety precautions and programs in connection with the Work.
6. Shall not accept Shop Drawing or Sample submittals from anyone other than Contractor.
7. Shall not authorize OWNER to occupy the Project in whole or in part.
8. Shall not participate in specialized field or laboratory tests or inspections conducted by others except as specifically authorized by ENGINEER.

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

This is an exhibit attached to and made a part of; and incorporated by reference into the Agreement dated June 5, 2017, between City of Minot (OWNER) and EAPC (ENGINEER) for professional services.

1. Civil Rights

The ENGINEER agrees to comply with Title VI of the Civil Rights Act of 1964 as amended; Title VIII of the Civil Rights Act of 1968 as amended; Section 109 of Title 1 of the Housing and Community Development Act of 1974; Sections 503 and 504 of the Rehabilitation Act of 1973; the Americans with Disabilities Act of 1990; the Age Discrimination Act of 1975; Executive Order 11063; Executive Order 11246, as amended by Executive Orders 11375 and 12086; and all other applicable requirements of 24 C.F.R. Part 570, Subpart K.

The ENGINEER agrees to comply with any Federal regulations issued pursuant to Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination against the handicapped in any federally assisted program. The OWNER will provide the ENGINEER with any guidelines necessary for compliance with that portion of the regulations during the term of this Agreement.

2. Nondiscrimination

The ENGINEER shall not discriminate against any employee or applicant for employment because of race, color, creed, religion, ancestry, national origin, sex, disability or other handicap, age, marital status, or status with regard to public assistance.

No person with responsibilities in operation of the project to which this grant relates will discriminate with respect to any program participant or any applicant for participation in such program because of political affiliation or beliefs.

The ENGINEER shall take affirmative action to insure that all employment practices are free from such discrimination. Such employment practices include but are not limited to the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The ENGINEER agrees to post, in conspicuous places, available to employees and applicants for employment, notices to be provided by the OWNER setting forth the provisions of this nondiscrimination clause. The ENGINEER shall also abide by Title IX of the Education Amendments of 1972 (20 U.S.C.A. 1681 *et seq.*) which prohibits sex discrimination in federally assisted education programs.

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

3. Affirmative Action

A. Approved Plan (applicable for contractors with 50 or more employees and contracts over \$50,000)

The ENGINEER agrees that it shall be committed to carry out, pursuant to the OWNER's specifications, an Affirmative Action Program in keeping with the principles as provided in Presidential Executive Order 11246 of September 24, 1965. The OWNER will provide Affirmative Action guidelines to the ENGINEER to assist in the formulation of such program, upon request.

B. Women/Minority Business Enterprise

The ENGINEER shall use its best efforts to afford minority- and women-owned business enterprises the maximum practicable opportunity to participate in the performance of this Agreement. As used in this Agreement, the term "minority and women business enterprise" means a business that is at least fifty-one (51) percent owned and controlled by minority group members or women. For the purpose of this definition, "minority group members" are Afro-Americans, Spanish-speaking, Spanish surnamed or Spanish-heritage Americans, Asian Americans, and American Indians. The ENGINEER may rely on written representations by businesses regarding their status as minority and women business enterprises in lieu of an independent investigation.

C. Notifications

The ENGINEER shall send to each labor union or representative of workers with which it has a collective bargaining agreement or other agreement or understanding, a notice, to be provided by the agency contracting officer, advising the labor union or worker's representative of the ENGINEER's commitments hereunder, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

D. EEO/AA Statement

The ENGINEER shall, in all solicitations or advertisements for employees placed by or on behalf of the OWNER, state that it is an Equal Opportunity or Affirmative Action Employer, as applicable.

The ENGINEER agrees to comply with Title VI of the Civil Rights Act of 1964 as amended; Title VIII of the Civil Rights Act of 1968 as amended; Section 109 of Title 1 of the Housing and Community Development Act of 1974; Section 503 and 504 of the Rehabilitation Act of 1973; the Americans with Disabilities Act of 1990; the Age Discrimination Act of 1975; Executive Order 11063; Executive Order 11246, as amended by

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

Executive Orders 11375 and 12086; and all other applicable requirements of 24 C.F.R. Part 570, Subpart K.

The ENGINEER agrees to comply with any Federal regulations issued pursuant to Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination against the handicapped in any federally assisted program. The OWNER will provide the Program Administrator with any guidelines necessary for compliance with that portion of the regulations during the term of this Agreement.

4. Section 109 of the Housing and Community Development Act of 1974

The Contractor/ENGINEER shall comply with the provisions of Section 109 of the Housing and Community Development Act of 1974. No person in the United States shall on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this title. Section 109 further provides that discrimination on the basis of age under the Age Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973, as amended, is prohibited.

5. Section 503 of the Rehabilitation Act of 1973 (29 USC 793) (applicable to contracts and subcontracts over \$10,000)

- A. The ENGINEER will not discriminate against any employee or applicant for employment because of physical or mental handicap in regard to any position for which the employee or applicant for employment is otherwise qualified. The ENGINEER agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified handicapped individuals without discrimination based upon their physical or mental handicap in all employment practices such as the following: employment upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.
- B. The ENGINEER agrees to comply with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

- C. In the event of the ENGINEER's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with the rules, regulations, and relevant orders of the Secretary of Labor issued pursuant to the Act.
- D. The ENGINEER agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the Director, provided by or through the contracting officer. Such notices shall state the ENGINEER's obligation under the law to take affirmative action to employ and advance in employment qualified handicapped employees and applicants for employment, and the rights of applicants and employees.
- E. The ENGINEER will notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the ENGINEER is bound by the terms of Section 503 of the Rehabilitation Act of 1973, and is committed to take affirmative action to employ and advance in employment physically and mentally handicapped individuals.
- F. The ENGINEER will include the provisions of this clause in every subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary issued pursuant to Section 503 of the Act, so that such provisions will be binding upon each subcontractor or vendor. The ENGINEER will take such action with respect to any subcontract or purchase order as the Director of the Office of Federal Contract Compliance Programs may direct to enforce such provisions, including action for noncompliance.

6. Section 504 OF THE Rehabilitation Act of 1973, As Amended

The ENGINEER agrees that no otherwise qualified individual with disabilities shall, solely by reason of his disability, be denied the benefits, or be subjected to discrimination including discrimination in employment, any program, or activity that receives the benefits from the federal financial assistance.

7. Age Discrimination Act of 1975

The ENGINEER shall comply with the provisions of the Age Discrimination Act of 1975. No person in the United States shall, on the basis of age, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under, any program or activity receiving federal financial assistance.

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

8. Certification of Nonsegregated Facilities (applicable to contracts and subcontracts over \$10,000)

The ENGINEER certifies that he/she does not maintain or provide for his/her establishments, and that he/she does not permit employees to perform their services at any location, under his/her control, where segregated facilities are maintained. He/she certifies further that he/she will not maintain or provide for employees any segregated facilities at any of his/her establishments, and he/she will not permit employees to perform their services at any location under his/her control where segregated facilities are maintained. The bidder, offeror, applicant, or subcontractor agrees that a breach of this certification is a violation of the equal opportunity clause of this AGREEMENT.

As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are, in fact, segregated on the basis of race, color, religion, or national origin because of habit, local custom, or any other reason.

He/she further agrees that (except where he/she has obtained for specific time periods) he/she will obtain identical certification from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the equal opportunity clause; that he/she will retain such certifications in his/her files; and that he/she will forward the following notice to such proposed subcontractors (except where proposed subcontractors have submitted identical certifications for specific time periods).

9. Section 3 of the Housing and Urban Development Act of 1968 – Compliance in the Provision of Training, Employment and Business Opportunities

A. Compliance

The ENGINEER agrees to comply with Section 3 of the Housing and Urban Development Act of 1968, as amended, the regulations set forth in 24 C.F.R. Part 135, and all applicable rules and orders. The ENGINEER understands that compliance shall be a condition of the federal assistance provided under this Agreement and binding upon the OWNER, the PROGRAM MANAGER and the ENGINEER. Failure to comply with these requirements shall subject the OWNER, the PROGRAM MANAGER and the ENGINEER, their successors and assigns, to those sanctions specified by the Agreement through which federal assistance

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

is provided, and as set out in 24 C.F.R. Part 135, Subpart D. The ENGINEER agrees that no contractual or other disability exists which would prevent compliance with these requirements. The ENGINEER shall include the following language in all subcontracts executed under this Agreement:

"The work to be performed under this AGREEMENT is a project assisted under a program providing direct federal financial assistance from HUD and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C.A. 1701. Section 3 requires that, to the greatest extent feasible, opportunities for training and employment be given to lower income residents of the project area and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the areas of the project."

B. Notifications

The ENGINEER shall send to each labor organization or representative of workers with which it has a collective bargaining agreement or other contract or understanding, if any, a notice advising said labor organization or worker's representative of its commitments under this Section 3 clause and shall post copies of the notice in conspicuous places available to employees and applicants for employment or training.

C. Subcontracts

The ENGINEER shall include this Section 3 clause in every subcontract and shall take appropriate action pursuant to the subcontract upon a finding that the subcontractor is in violation of regulations issued by the OWNER. The ENGINEER will not subcontract with any contractor where it has notice or knowledge that the latter has been found in violation of regulations under 24 C.F.R. Part 135 and will not let any subcontract unless the subcontractor has first provided it with preliminary statement of ability to comply with the requirements of these regulations.

10. Environmental Conditions

A. Air and Water

The ENGINEER agrees to comply with the following regulations insofar as they apply to the performance of this Agreement:

- Clean Air Act, 42 U.S.C.A. 7401 *et seq.*

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

- Clean Water Act, 33 U.S.C.A. 1368
- Executive Order 11738
- Federal Water Pollution Control Act, as amended, 33 U.S.C.A. 1251, *et seq.*, 1321 and 1318, relating to inspection, monitoring, entry, reports, and information, and all regulations guidelines issued there under
- Environmental Protection Agency (EPA) regulations pursuant to 40 C.F.R. Part 50, as amended.
- National Environmental Policy Act of 1969 (42 U.S.C.A. 4321 *et seq.*, as amended)
- HUD Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities (24 C.F.R. Part 58).

B. Flood Disaster Protection

The ENGINEER shall comply with the requirements of the Flood Disaster Protection Act of 1973 (P.L.-2234) in regard to the sale, lease or other transfer of land acquired, cleared or improved under the terms of this Agreement, as it may apply to the provisions of this Agreement.

C. Lead-Based Paint

The ENGINEER agrees that any construction or rehabilitation of residential structures with assistance provided under this Agreement shall be subject to HUD Lead-Based Paint Regulations at 24 C.F.R. § 570.608 and 24 C.F.R. Part 35, and in particular Sub-Part B thereof. Such regulations pertain to all HUD-assisted housing and require that all owners, prospective owners, and tenants of properties constructed prior to 1978 be properly notified that such properties may include lead-based paint. Such notification shall point out the hazards of lead-based paint and explain the symptoms, treatment and precautions that should be taken when dealing with lead-based paint poisoning, and of the advisability and availability of blood-level screening for children less than 7 years of age.

D. Historic Preservation

The ENGINEER shall comply with the Historic Preservation requirements set forth in the National Historic Preservation Act of 1966, as amended (16 U.S.C.A. 470) and the procedures set forth in 36 C.F.R. Part 800, "Protection of Historic Properties," insofar as they apply to the performance of this Agreement. In general this requires approval from the North Dakota Historical Commission and Antiquities Committee for all rehabilitation and demolition of historic properties that are fifty (50) years old or older or that are included on a Federal, state, or local historic property list.

E. Wildlife Protection

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

The ENGINEER agrees to comply with the requirements of the Endangered Species Act of 1973, as listed in 50 C.F.R. § 17.11 and 50 C.F.R. Part 402; the Lacey Act (16 U.S.C.A. 3371-3378 *et seq.*, as amended); the Migratory Bird Treaty Act (16 U.S.C.A. 703-12); the Fish and Wildlife Coordination Act (16 U.S.C.A. 661 *et seq.*); Section 4(f) of the Department of Transportation Act (49 U.S.C.A. 1653(f)); the Federal Water Pollution Control Act (33 U.S.C.A. 1251 *et seq.*); the Coastal Zone Management Act of 1972, as amended (16 U.S.C.A. 1451); and the Safe Drinking Water Act of 1974 (42 U.S.C.A. 300f *et seq.*, as amended), insofar as they apply to the performance of this Agreement.

11. Energy Efficiency

The ENGINEER shall comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Public Law 94-163).

12. Financial Management

The ENGINEER shall adhere to standard, Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards and maintain necessary source documentation for all costs incurred under this Agreement.

The ENGINEER will provide adequate support documentation to receive payment of CDBG-DR funds in sufficient detail for the PROGRAM MANAGER and/or the OWNER to determine cost eligibility and allowability.

13. Record-Keeping, Reports, and Audits

A. Records to be maintained

The ENGINEER shall maintain all records required by this Agreement, records required by 24 C.F.R. § 570.506 and records that are pertinent to the activities to be funded under this Agreement, including but not be limited to:

1. Records providing a full description of each activity undertaken
2. Records demonstrating that each activity undertaken meet one of the National Objectives of the CDBG program
3. Records required determining the eligibility of activities
4. Records required to document the acquisition, improvement, use or disposition of real property acquired or improved with CDBG assistance

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

5. Records documenting compliance with the fair housing and equal opportunity components of the CDBG program
6. Financial standards, as required by 24 C.F.R. § 570.502; and
7. Other records necessary to document compliance with Subpart K of 24 C.F.R. Part 570.

B. Property Records

The ENGINEER shall maintain real property inventory records, which clearly identify property purchased, improved, or sold. Properties retained shall continue to meet eligibility criteria and shall conform to the restrictions specified in 24 C.F.R. § 570.606. The ENGINEER shall ensure that any independent audit required hereunder includes a report on real property inventory as a supplemental schedule in the audit.

C. Retention

The ENGINEER shall retain all records pertinent to expenditures incurred under this Agreement per the State of North Dakota general Records Retention Schedule after the termination of all activities funded under this Agreement, or after the resolution of all Federal audit findings, whichever occurs later.

D. Access to Records

The OWNER, the PROGRAM MANAGER, the Department of Housing and Urban Development, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the ENGINEER which are directly pertinent to this specific AGREEMENT, for the purpose of audits, examinations, and making excerpts and transcriptions. All records connected with this AGREEMENT will be maintained in a central location by the unit of local government and will be maintained for a period of five (5) years from the official date of the OWNER's final closeout of the grant.

E. Inspection

The authorized representative and agents of the OWNER, the PROGRAM MANAGER and the Department of Housing and Urban Development shall be permitted to inspect all work, materials, and payrolls, records of personnel, invoices of materials, and other relevant data and records.

F. Reports

The ENGINEER shall complete and submit all reports, in such form and according to such schedule, as may be required by the OWNER, pertaining to the work or services undertaken pursuant to this Agreement.

**EXHIBIT C TO AGREEMENT
BETWEEN
OWNER AND ENGINEER
FOR
PROFESSIONAL SERVICES**

CDBG Program Requirements

14. Conflict of Interest

- A. No officer or employee of the local jurisdiction or its designees or agents, no member of the governing body, and no other public official of the locality who his/her tenure or for one year thereafter, shall have any interest, direct or indirect, in any contract or subcontract, or the proceeds thereof, for work to be performed. Further, the ENGINEER shall cause to be incorporated in all subcontracts the language set forth in this paragraph prohibiting conflict of interest.
- B. No member of or delegate to Congress, or Resident Commissioner, shall be admitted to any share or part of this AGREEMENT or to any benefit that may arise there from, but this provision shall not be construed to extend to this AGREEMENT if made with a corporation for its general benefit.

15. Activities and Contracts Not Subject To Executive Order – 11246, as Amended (applicable to contracts and subcontracts of \$10,000 and under)

During the performance of this AGREEMENT, the ENGINEER agrees as follows:

- 1. The ENGINEER shall not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The ENGINEER shall take affirmative action to ensure that applicants for employment are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.
- 2. The ENGINEER shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by Contracting Officer setting forth the provisions of this non-discrimination clause. The ENGINEER shall state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.
- 3. The ENGINEER shall incorporate foregoing requirements in all subcontracts.

16. Patents

The ENGINEER shall hold and save the OWNER and its officers, agents, servants, and employees harmless from liability of any nature or kind, including cost and expenses for, or on account of any patented or

CDBG Program Requirements

unpatented invention, process, article, or appliance manufactured or used in the performance of the AGREEMENT including its use by the OWNER, unless otherwise specifically stipulated in the Contract Document.

License or Royalty Fees: License and/or Royalty Fees for the use of a process which is mandated or specifically requested by the OWNER of the project must be reasonable, and paid to the holder of the patent, or his authorized license, direct by the OWNER and not by or through the ENGINEER.

If the ENGINEER uses any design device or materials covered by letters, patent, or copyright, he shall provide for such use by suitable agreement with the owner of such patented or copy-righted design device or material. It is mutually agreed and understood, that without exception the contract prices shall include all royalties or costs arising from the use of such design, device or materials, in any way involved in the work. The ENGINEER and/or his Sureties shall indemnify and save harmless the OWNER of the project from any and all claims for infringement by reason of the use of such patented or copy-righted design, device or materials or any trademark or copy-right in connection with work agreed to be performed under this AGREEMENT, and shall indemnify the OWNER for any cost, expense, or damage which it may be obliged to pay by reason of such infringement at any time during the prosecution of the work or after completion of the work.

17. Copyright

All formal documents and data (not including drafts), produced under this Agreement are the property of the OWNER. If this Agreement results in any copyrightable material, the OWNER reserves the right to royalty-free, non-exclusive, and irrevocable license to reproduce, publish or otherwise use the work. In addition, the OWNER may authorize others to use the material.

18. Subcontracts

- A. The ENGINEER shall not enter into any subcontract with any subcontractor who has been debarred, suspended, declared ineligible, or voluntarily excluded from participating in contacting programs by any agency of the United States Government or the State of North Dakota.
- B. The ENGINEER shall be as fully responsible to the OWNER for the acts and omissions of the ENGINEER's subcontractors, and of persons either directly or indirectly employed by them, as he is for the acts and omissions of persons directly employed by the ENGINEER.

CDBG Program Requirements

- C. The ENGINEER shall cause appropriate provisions to be inserted in all subcontracts relative to the work to bind subcontractor to the ENGINEER by the terms of the contract documents insofar as applicable to the work of subcontractors and to give the ENGINEER the same power as regards terminating any subcontract that the OWNER may exercise over the ENGINEER under any provision of the contract documents.
- D. Nothing contained in this AGREEMENT shall create any contractual relation between any subcontractor and the OWNER.

19. Debarment, Suspension, and Ineligibility

The ENGINEER represents and warrants that it and its subcontractors are not debarred, suspended, or placed in ineligibility status under the provisions of 24 CFR 24 (government debarment and suspension regulations).

20. Breach of Contract Terms

Any violation or breach of terms of this AGREEMENT on the part of the ENGINEER may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this AGREEMENT. The duties and obligations imposed by the AGREEMENT documents and the rights and remedies available there under shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

21. Provisions Required by Law Deemed Inserted

Each and every provision of law and clause required by law to be inserted in this AGREEMENT shall be deemed to be inserted herein and the AGREEMENT shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the AGREEMENT shall forthwith be physically amended to make such insertion or correction.

22. Changes

The OWNER may, from time to time, request changes in the scope of the services of the ENGINEER to be performed hereunder. Such changes, including any increase or decrease in the amount of the ENGINEER's

compensation which are mutually agreed upon by and between the OWNER and the ENGINEER, shall be incorporated in written and executed amendments to this Contract.

23. Personnel

The ENGINEER represents that it has, or will secure at its own expense, all personnel required in performing the services under this ENGINEER. Such personnel shall not be employees of or have any contractual relationship with the OWNER or PROGRAM MANAGER.

All the services required hereunder will be performed by the ENGINEER or under its supervision, and all personnel engaged in the work shall be fully qualified and shall be authorized or permitted under State and local law to perform such services.

24. Drug Free Workplace

All profit or non-profit agencies or organizations receiving state or Federal grant funds under the official sponsorship of the OWNER must certify, on an annual basis, their compliance with the requirements of the "Drug Free-Workplace Act of 1988". Employees are specifically prohibited from manufacturing, distributing, possessing, purchasing, and using illegal drugs or controlled substances in the workplace or in any other facility, location, or transport in which the employee is required to be present in order to perform his or her job function.

25. Anti-Kickback Rules

Salaries of personnel performing work under this AGREEMENT shall be paid unconditionally and not less often than once a month without payroll deduction or rebate on any account except only such payroll deductions as are mandatory by law or permitted by the applicable regulations issued by the Secretary of Labor pursuant to the "Anti-Kickback Act" of June 13, 1934 (48 Stat. 948; 62 Stat. 740; 63 Stat. 108; Title 18 U.S.C. 874; and Title 40 U.S.C. 276c). The ENGINEER shall comply with all applicable "Anti-Kickback" regulations and shall insert appropriate provisions in all subcontracts covering work under this AGREEMENT to insure compliance by the subcontractors with such regulations, and shall be responsible for the submission of affidavits required of subcontractors there under except as the Secretary of Labor may specifically provide for variations of or exemptions from the requirements thereof.

26. Interest of ENGINEER

The ENGINEER covenants that he presently has no interest and shall not acquire any interest direct or indirect in the above described project or any parcels therein or any other interest which would conflict in any manner or degree with the performance of his services hereunder.

27. Political Activity

The ENGINEER will comply with the provisions of the Hatch Act (5 U.S.C. 1501 et seq.), which limits the political activity of employees.

28. Compliance with the Office of Management and Budget

The parties agree to comply with the regulations, policies, guidelines, and requirements of the Office of Management and Budget, Circulars A-87, A-95, A-102, A-133, and A-54, as they relate to the use of Federal funds under this AGREEMENT.

29. Confidential Findings

All of the reports, information, data, etc., prepared or assembled by the ENGINEER under this Contract are confidential, and the ENGINEER agrees that they shall not be made available to any individual or organization without prior written approval of the OWNER and PROGRAM MANAGER.

30. Lobbying

The ENGINEER certifies, to the best of his or her knowledge and belief that:

- A. No federally appropriated funds have been paid or will be paid, by or on behalf of the ENGINEER, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
- B. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with this federal contract, grant, loan, or cooperative agreement, the ENGINEER shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

CDBG Program Requirements

31. Reversion of Assets

The agreement shall specify that upon its expiration the ENGINEER shall transfer to the recipient any CDBG funds on hand at the time of expiration and any accounts receivable attributable to the use of CDBG funds. It shall also include provisions designed to ensure that any real property under the ENGINEER's control that was acquired or improved in whole or in part with CDBG funds (including CDBG funds provided to the subcontractor in the form of a loan) in excess of \$25,000 is either:

- a. Used to meet one of the national objectives in § 570.208 (formerly § 570.901) until five years after expiration of the agreement, or for such longer period of time as determined to be appropriate by the recipient; or
- b. Not used in accordance with paragraph (b)(7)(i) of this section, in which event the ENGINEER shall pay to the recipient an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG funds for the acquisition of, or improvement to, the property. The payment is program income to the recipient. (No payment is required after the period of time specified in paragraph (b)(7)(i) of this section.)

32. Payment for Eligible Expenses

The ENGINEER understands and agrees that the OWNER shall reimburse the ENGINEER for only those costs associated with work that has been authorized by OWNER and costs that are eligible under applicable federal rules, regulations, cost principles, and other requirements relating to reimbursement with HUD grant funds. No reimbursement shall be made for goods and services received by the ENGINEER as in-kind contributions from third parties for assistance to the Program.

32. Repayment of Ineligible Payments

In the event HUD or the OWNER determines through investigations and/or monitoring that any payment or reimbursement to ENGINEER is ineligible or disallowed, the ENGINEER shall immediately and without delay fully reimburse OWNER. If HUD informs OWNER that it is required to refund moneys previously awarded or drawn down from the U.S. Treasury in reference to this agreement, as a result of ENGINEER's sole negligence, willful misconduct, or intentional fraud, the ENGINEER agrees to pay an equal amount to OWNER prior to the demand date of payback.
