Affordable Housing Requirements and Income Limits**

Developer acknowledges and agrees that all of the units built must benefit households having initial incomes at or below 80% of Median Family Income (MFI), adjusted for household size, as established under income guidelines of HUD. These income limits are determined for the Project according to HUD's income limits for the area in which the Project is located.

Based upon current HUD-described income limits for this area, the following income limits apply for all beneficiaries of the CDBG-DR -assisted housing units developed by the Developer.

**HUD Household 2015 80% Income Limits, Ward County, ND**

1 PER	2 PER	3 PER	4 PER	5 PER	6 PER	7 PER	8 PER

The above-referenced income limits may be periodically adjusted, as based upon HUD annual adjustments. Upon any annual HUD adjustment, the City will provide Developer with updated income limits, and such notice shall be considered an amendment to this Agreement. Developer shall apply the most current income limits, as confirmed by the City, in effect at the time of selection of each program beneficiary.

In addition to income eligibility criteria governing program beneficiaries under this Agreement, the Project must comply with housing affordability requirements of this Agreement. Specifically, the Project must adhere to the income and rent restrictions for the seventy-four (74) CDBG-DR assisted housing units as detailed herewith, and as adjusted on an annual basis by HUD.
